Pub Rmks:

This property has great potential! With a little extra finishing work, this 6-bedroom home could become an amazing place for your family. You are welcomed into a nice entryway that leads upstairs to a warm and cozy living room, featuring bright windows and hardwood flooring. The kitchen offers plenty of cabinets and ample countertop space that opens to the dining area with great windows as well. A back door leads out to the deck and a fully fenced backyard, making it perfect for entertaining and keeping in your fur baby. The main level includes 3 great-sized bedrooms, with the primary bedroom featuring a walk-in closet and a 3-piece ensuite. There is a main 4-piece bathroom on this floor for kids and guests. In the basement, you'll find a family room/games room that needs flooring and paint to complete it, along with 3 more large bedrooms and another full 4-piece bathroom. The attached double heated garage has an extra space at the front, ideal for storing an ATV or setting it up as a workshop/tool area. The garage is insulated and lined with plywood. There is a spacious upper deck out back of the home that leads down to a lower deck, but it does require some new steps to be fully completed. This home is ready for you to add your personal touches and make it a happy place. Call today for a personal viewing!
